## Fat and lazy Amy

Amy was a fat and lazy girl. Amy ate a lot of hamburgers and potato chips but she didn't like to eat fruits and vegetables. Also, she liked to drink soft drinks but didn't drink water. Amy preferred to eat snacks when watching TV at night.

One day morning, when Amy woke up, she found herself becoming a gaint and thought, "What happened to me? Why I became a gaint?" She felt very scared. Suddenly, a witch stood in front of her and gave her a magic ball and said "Use this ball. You can use it to grant three wishes."

Amy felt excited when she heard the witch said. Her first wish was an ice-cream fountain. She ate a lot of ice-cream and she became bigger. Then, she wanted to eat potato chips and she wished to have a potato-chip pot with her second wish. Soon, Amy was very full and went to watch TV.

However, Amy was too big to move anywhere since she ate too much sweet and oily food. At the end, she wanted to change back to normal by using her last wish. The witch waved her magic wand to turn Amy back to normal. Amy felt happy finally. I have learnt we should not eat too much oily food from this story.
